SHARE OUR PASSION

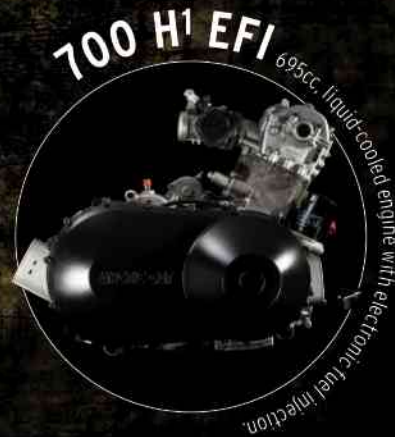

ATVs and ROVs can be hazardous to operate. For your safety always wear a helmet, eye protection, and protective clothing. Never ride on paved surfaces or public roads. Never carry a passenger on a single-rider ATV; never engage in stunt driving; riding and alcohol/drugs don't mix and could cause injury or even death. Avoid excessive speeds and be particularly careful on difficult terrain. **Only ride an ATV that is right for your age. Supervise riders younger than 16.** Always wear a seat belt on ROVs. Never carry a passenger in the cargo box; the passenger must be able to place both feet on the floor while keeping their back against the back of the seat. Arctic Cat recommends that all riders take a training course, and that they read and understand their operator's manual before operation. Along with concerned conservationists everywhere, Arctic Cat urges you to "Tread Lightly" on public and private lands. Ride only on designated areas or trails. Preserve your future riding opportunities by showing respect for the environment, local laws, and the rights of others when riding. For safety or training information in the U.S., call the ATV Safety Institute at (800) 887-2887. In Canada, call the Canada Safety Council (613-739-1535) or see your dealer. Do not shoot from or lean firearms or bows against the ATV or ROV. Ride off into the sunset within seconds of being in the saddle. The TRV™ 700 HI is one of the most powerful 2-up ATVs out on the trail today. The mighty 700 is the perfect combination of performance and comfort. Designed to give you the best tandem riding experience of your life.

Features

- Metallic Black paint
- Duramatic™ automatic transmission
- Removable passenger seat (optional cargo box or SpeedRack®)
- On-the-fly 2WD/4WD
- Front differential lock
- Digital gauge
- Ride-In suspension

FRONT DIFFERENTIAL LOCK

Flip the digital Diff Lock switch specifically located with 2WD/4WD next to your right thumb, making it easier to switch back and forth.

700 HI EFI
Metallic Black Paint

The TRV 550 is a true statement of value and comfort. This machine is as affordable as it is ravenous for adventure. And once you hit the trail to witness all the things you've been missing, your machine instantly paid for itself.

Features

- Metallic Black paint
- Removable passenger seat (optional cargo box or SpeedRack)
- On-the-fly 2WD/4WD
- Front differential lock
- Digital gauge
- Ride-In suspension
- Duramatic automatic transmission
- 550 HI EFI engine

FULLY INDEPENDENT SUSPENSION

The fully independent suspension enhances traction by providing full tire contact with all types of terrain, producing an ultrasmooth ride.

REMOVABLE PASSENGER SEAT

If you want to remove the passenger seat, just pull two pins and replace it with a 200-lb.-capacity SpeedRack or heavy-duty cargo box with a tailgate. It's all up to you.
